*Clean Times* Staff Report

Hi!

I regret to report that the October issue of the Clean Times Newsletter is not ready for approval. The substance is there but the final product is not. I have brought along a rough draft of what I have for the sake of preview but the final approval will have to wait 'til the October ASCM. Pending approval, it can still be circulated in the latter half of October.

My term as Newsletter Chair will end in January 2010 and I would like to request that my position be opened in November, closed in December to allow an overlap for the new Chair person to transfer resources and take over in January.

I intend to produce the January 2010 (my 4<sup>th</sup> and final consecutive) issue and submit it for approval in December of this year so that the incoming Chair will have a full quarter to produce the April 2010 issue.

Another thought would be to open the position now so that the incoming Chair could produce the first issue of the new year and end his or her term at the end of that year (perhaps more logical but not really important.)

Either way, I defer to the judgment of this body.

In willing service,

Joel L

Lemars Tuesday NA Meeting 7pm FVH

Greetings Sana,

Things continue to plug along in lemars. We had an average attendance of 9 per meeting for the last 4 weeks. I did not get an exact amount for 7<sup>th</sup> tradition or do not have the birthday information. I will do better next month.

In Loving Service,

Jesse PI Subcommittee Report:

Greetings Sana,

Things are going alright with PI. Not great but getting better. Needless to say my personal life is finally starting to quiet down a little and will be able to focus more effort on PI.

I did attend the NA Info booth at the State Fair with the help of Rob H and Don B. We covered the Monday slot at the fair. Ames and Des Moines addicts Al and others were there to guide us through the do's and don't. We mainly handed out state meeting lists and local meeting lists. We had a few people talking to us but mainly concerned about a loved one. It was very rewarding but make sure to bring a few people along so you can take turns. There policy is that there must be two people manning the booth at all times. It is a 12 hour day so plan accordingly. Where Depends.

SANA also hosted an HI and PI learning day on Sept 12<sup>th</sup>. Although very chaotic at times it did come off as a success especially in regards to the workshops. I heard nothing but positive feedback and usable information and discussion was practical information we can use as and area and also as an individual addict.

The PI workshop focused on how the individual addict is our most visable and productive means in terms of PI. We also touched on what we are currently doing as a state and an area and what we should be doing in the future. I passed around an attendance form and had people mark if they were interested in helping on the subcommittee. As of yet I have not set a date for subcommittee meeting.

The plan is to set up a date for PI subcommittee meeting, formulate a plan of action at this meeting, discuss our plan at the next area

In loving Service,

Jesse K

Greetings SANA,

The Literature Department has been doing well in the Siouxland Area. An influx of new meetings has led to a greater demand for key tags. It is awesome that several of our meetings have opened their doors to the younger recovering addicts in our area. However, I am really low on key tags at the moment due to this growth in the NA community. I have compensated for this by ordering more key tags than ever before. Also, I will raise the Minimum stockpile of key tags so a complete depletion will not happen.

I am very grateful to Bill O. for his mentoring and to Rob H. for his instrumental expertise in IT affairs. I am also grateful all the members of the Siouxland Area Narcotics Anonymous for placing their trust in me to fulfill this position.

In loving service,

Ross Wilc
